I want to congratulate Bell Hall on his victory in the primary election for the Public Regulation Commission. I am endorsing Ben Hall and am available to help him in the general election. Ben Hall has shown his ability to win without compromising his conservative principles. With Ben Hall's win, it assures us that as Conservative Republicans, we still have a great opportunity to win the PRC in District 5.

To my supporters, thank you for your confidence in me and our common principles. Please believe me when I say that your hard work was not in vain. Together we stood for our core principles that God's unborn children have a right to live, that there would be no 1st Amendment without the protection of our 2nd Amendment, and that all Americans have a constitutional right to keep and bear arms. The United States Constitution is what makes America great. Our freedom, the right to act as individuals to raise our children with our own family values, and the right to practice our religious beliefs without any government interference, make us a great nation.

Yes, it is difficult to lose such a close election by "only 27 votes;" however, we have shown that when we run on conservative Republican values, we can win elections. Thank you for your support and God Bless America.
