## **PRESS RELEASE**

### **A Horrible Immigration Proposal**

As Chairman of the House Appropriations Committee Congressman Kevin Yoder (R-CD3) Kansas, voted for and passed out of committee by voice vote (hide how committee members voted) an amendment to the 2019 Budget a provision that promises to encourage more illegal immigration in the short term and promote the idea that legislation facilitating massive Immigration Fraud is O.K. with Congress.

In so doing these Congressmen consecrated an amendment penned by Congressman David Price (D-NCCD4) legitimizing an extralegal policy from the 2014 Obama Illegal Immigration surge that unlawfully granted asylum to aliens who claim domestic violence and the excuses for voting for and forwarding the legislation completely ignores the National Security and Public Safety of the American People and promotes more lawlessness.

There is no way to sugar coat or speak calmly about this proposal. This is a sneak affront to legal immigration and a bold move to institute complete and total open borders in the United States and must be defeated soundly.

Zack Taylor, Chairman and Border Security Expert  
National Association of Former Border Patrol Officers.

*Our paramount mission is to contribute to the security and stability of the United States.  
To that end, we shall propose and be advocates for immigration laws and policies that we believe serve  
those national interests, and we will oppose those that do not.*
