

## PHASE 1:

### Project location:

Bayard to Hurley (to just south of the railroad track crossing) milepost 123.13 to 128.27 (5.14 miles)

### Project includes:

- ✓ Widening US 180 from 2-lane to 4-lane,
- ✓ Realignment of roadway over the existing railroad tracks,
- ✓ Removal of the Hurley overpass, replaced with at-grade roadway crossing at Pit Access Road.
- ✓ Rehabilitation of pavement and widen shoulders from 8 foot to 10 foot with improving intersections along the corridor.

### Project timeline:

- ✓ Project awarded to Mountain States Constructors on June 5<sup>th</sup>.
- ✓ Construction is scheduled to begin November 4<sup>th</sup>.

A public meeting will be scheduled prior to beginning construction

- ✓ We will plan to review construction phases, expected traffic impacts, and timelines.
- ✓ We will also answer your questions and take comments.

**Cost: \$41,006,139**
