

The Power of Two: Collaboration

How do artists intentionally work together to produce one creative work?

For eight months eleven pairs of local artists have worked to blend and harmonize their individual methods towards a single collaborative goal. Please join us on Friday, September 11, 5 - 7 and discover how collaboration can unite us not only as artists but as citizens of the world.

Exhibit runs September 10 - October 3

Light Art Space, 209 W. Broadway, Silver City
